

# amazon hub Locker

## What is an Amazon Hub Locker?

Amazon Hub Lockers are secure, self-service kiosks where you can pick up your Amazon packages at a time and place that is convenient for you.

---

## Benefits of Hosting a Locker

### Increased Foot Traffic

An Amazon Hub Locker will drive foot traffic to our location and demonstrate a partnership with Amazon.

### Drives Sales

Customers retrieving their packages may engage with your staff. This enable staff to discuss promotions or specials the store is currently running.

### Monetize Unused Space

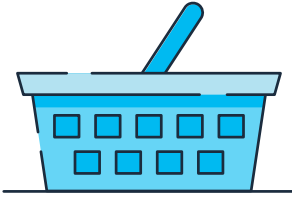

Amazon Hub Locker requires very little space and comes in a variety of Locker sizes.

### Fast, Efficient Process

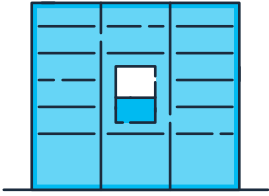

Average transaction takes ~20 seconds.

# How Customers Use Locker

## 1. Shop as usual

Add an item to your basket and proceed to checkout

## 2. Select at checkout

Shop and select your Locker location as your delivery address at checkout

## 3. Go and pickup

After receiving your pickup code, go to your chosen Locker to collect your package

---
